

**Training prior to the Championships
11. and 12.9.2010**

Venue

Trainings on 11.9. (3.5MHz) and 12.9.2010 (144MHz) will be held near Delnice. Start will be from the parking lot of military barracks Drgomalj in Delnice (GPS N45.404864 E14.800472).

Technical data

Transmitters

Frequency *3.5 MHz*

RF output power *5 W*

Modulation type *A1A*

Frequency *3.580 MHz TX, 3.550 beacon*

Antenna *Vertical wire 6m*

Frequency *144 MHz*

RF output power *1 W*

Modulation type *A2A*

Frequency *144.600 MHz TX, 144.770 beacon*

Antenna *Cross dipole*

Marking device

SportIdent is used. Competitors will get starting numbers and SI chips at the start. Renting fee for SI chip is 0 kn (paid in training cost), but fee for lost SI chip is 280 kn(40€). Competitors with their own SI chips should write the numbers down in the proposed form, and give it at registration at the start.

Map

IOF, 1:15 000, *equidistance* 5m, A4, waterproof (special kind of plastic)

Travel to the venue

Competitors with own travel arrangement (bus/car) should take the road from Opatija to Rijeka, and from Rijeka by A6 highway to Zagreb (alternative is to take the old road over mountain, the one taken for Platak). Exit at Delnice junction. On main road exit to the right (towards Delnice). On entering Delnice there is a Y junction – take the left road to the centre of Delnice (Supilova road). After 500 meters there will be a sign to turn left for barracks Drgomalj – follow the sign (there will be an ARDF sign too).

Map

Timetable

- 8:00 Organized bus departs from "Slatina" bus stop (Opatija's main bus stop)
- 9:30 Final arrival and registration of competitors with own travel arrangement
- 9:00-10:00 Receiver testing
- 10:30 First start
- 14:00 Expected arrival of last competitors
- 14:30 Expected time of bus departure to Opatija

Only competitors **registered at Opatija** may start! If not registered the organizer cannot take the responsibility for any injuries, damages and other problems which can arise.
